“Set free from the first-degree disability, I can ride a bicycle”

‘Yoon seop Kim’ was healed of paralysis of the lower body. He fell from the fifth-floor of a building and had his spine severely injured. His fall left him completely paralyzed from the waist down. He had been unable to walk for nine years. He could not sit or lie down by himself.

He relied heavily on a spinal brace. In the meantime, this man got up from his wheelchair and walk after receiving the prayer of Bishop Dr. Jaerock Lee. Today, He can run and even freely ride a bicycle as he wants. Later he got married and gave birth to a daughter.

“Stopping heavy rainfalls and flood in Chennai, India!”

Weather chart before the prayer, December 1st, 2015 and after the prayer, December 2nd, 2015 Through Dr. Lee’s prayer, no damage was caused in Chennai Manmin church

On November 9, it started to rain in India and continued to rain for several days following. It was accompanied by a strong typhoon. This torrential downpour claimed more than 70 people’s lives and required restoration of damage. But from November 16 to 18, Manmin’s mission team was supposed to lead the handkerchief healing meeting. On the day of their arrival, Chennai Airport, that had been closed, reopened. There were two typhoons approaching but died out and it stopped raining. Even the weather was so good. After the mission team left Chennai, however, it started to rain again. It was a record-breaking downpour in Indian history. In the danger, Pastor Joseph Han of Chennai Manmin Church sent a prayer request to Senior Pastor Dr. Lee and received his prayer. Then the two strong typhoons changed their courses at the moment and left Chennai. They soon weakened and at 5 A.M. the next day completely stopped. The death toll was 347 only in Tamil Nadu but no member in Chennai Manmin Church was damaged.

Furthermore, an investigation completed by a public research institution (FDA, US) revealed that Muan sweet water is of supreme quality full of minerals.

“Elder Sebastian Impeto Pengo the former Governor Inaugurated to be the senior Pastor of Manmin Church Kinshasa!”

Elder Sebastian Impeto Pengo’s journey with the Kinshasa Manmin Church has been marked by profound spiritual experiences and remarkable achievements. His transformative journey began with a gift from a colleague—a book titled "Tasting Eternal Life before Death" by Dr. Jaerock Lee. Deeply moved by Dr. Lee’s testimony of healing and faith,

Elder Sebastian joined the Kinshasa Manmin Church in 2009 while serving as a counselor to the Minister of Natural Environment and Tourism. His faith and dedication led to his ascension in public service; after receiving Dr. Lee’s prayer in 2011, he became the mayor of Mbandaka, later advancing to deputy governor in 2013, and then governor of Equateur in 2014 during the Ebola outbreak. Remarkably, after requesting Dr. Lee’s prayer for the eradication of Ebola on September 16, 2014, the disease came to an end in the D.R. Congo shortly after Dr. Lee’s intercession on September 21..

This year, as the Kinshasa Manmin Church celebrated its 17th anniversary on May 5, 2024, Elder Sebastian was inaugurated as the senior pastor. The inauguration, led by Prof. Bishop Dr. Caleb Shinyhun Moon, the Senior Pastor and Bishop of Manmin Ministry in Africa, along with Reverend Miyoung Lee, marked a significant milestone for the church. During the ceremony, Bishop Dr. Caleb Moon prayed for Elder Sebastian, bestowing upon him the pastoral robe and certificate. The following Sunday, the congregation celebrated their anniversary under the leadership of their new senior pastor, with Reverend MiYoung Lee delivering an inspiring sermon. The celebrations were a testament to the church’s unity and faith, heralding a new chapter in its spiritual journey.
